Norton County, KS

Gentlemen:

This letter is to notify you that the Conservation Division
is in receipt of your plugging proposal, form CP-1, for the above-
captioned well.

Your CP-1 has been reviewed by the Conservation Division
central office for completeness and to verify license numbers. The
plugging proposal will now be forwarded to the district office
listed below for review of your proposed method of plugging.
Please contact the district office for approval of your proposed
plugging method at least five (5) days before plugging the well,
pursuant to K.A.R. 82-3-113(b). Failure to do so is punishable by
an administrative penalty of up to $1000.

It has recently come to my attention that the form CP-1 has
been filed by operators other than the owner or operator of the
well and without the consent of the owner or operator. The
Conservation Division's review of form CP-1, either in the central
or district office, does not include an inquiry into well ownership
or the filing operator's legal right to plug the well.

This notice in no way constitutes authorization to plug
the above-captioned well by persons not having legal
rights of ownership or interest in the well. This notice
is void after ninety (90) days from the above date.

Sincerely,

David P. Williams
Production Supervisor

District:  #1, 304 W. McArtor
