Dear Sir:

On August 4th, we filed Notice of Intention to Drill on a Strat test to be located in the center NW/4,
SE/4, Sec. 15-43-39W, Cheyenne County, Kansas. At a later date, August 8th, we asked the proposed test be relocated
to the Center of NE/4, SW/4 of the same section, because of inundated surface conditions. The water has now receded
to a point that the test can be drilled on a site nearer the original location. Therefore, we request that our Notice
of Intention again be changed to designate a location in the center of the W ½, NW ¼, SE ½, Section 15, 43-39W and
330' from nearest lease line, Cheyenne County, Kansas. Other information on the Notice of Intention to Drill form
will remain unchanged.

We are sorry that it has been necessary to inconvenience your office by altering our plans.

Yours very truly,
