Describe in detail the manner in which the well was plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of each and depth placed, from feet to feet for each plug set:

Extra caution taken to control the caving sand at shallow depths. Mud control exercised -- Aquasonic, starch and salt were employed throughout drilling operation.

Top layer structurally to be an economic producer.

(If additional description is necessary, use BACK of this sheet)

Name of Plugging Contractor

STATE OF TEXAS
COUNTY OF DALLAS

William Duchesner, Jr., President (employee of owner) or (owner or operator) of the above-described well, being first duly sworn on oath, says: That I have knowledge of the facts, statements, and matters herein contained and the log of the above-described well as filed and that the same are true and correct.
