Dear Operator:

This letter is to notify you that the Conservation
Division is in receipt of your plugging proposal, form CP-1,
for the above-captioned well.

Your CP-1 has been reviewed by the Conservation Division
central office for completeness and to verify license numbers.
The plugging proposal will now be forwarded to the district
office listed below for review of your proposed method of
plugging. Please contact the district office for approval of
your proposed plugging method at least at five (5) days before
plugging the well, pursuant to K.A.R. 82-3-113 (b). Failure
to do so is punishable by an administrative penalty of up to
$1000. If a workover pit will be used during the plugging of
the well it must be permitted. A CDP-1 form must be filed and
approved prior to the use of the pit.

It has recently come to my attention that the form CP-1
has been filed by operators other than the owner or operator
of the well and without the consent of the owner or operator.
The Conservation Division's review of form CP-1, either in the
central or district office, does not include an inquiry into
well ownership or the filing operator's legal right to plug
the well.

This notice in no way constitutes authorization
to plug the above-captioned well by persons
not having legal rights of ownership or interest
in the well. This notice is void after ninety
(90) days from the above date.

Sincerely,

David P. Williams
Production Supervisor
