Type Equipment: Drilling Rig
Disposal: Yes
Validated: Yes

Well Location Information:

Directional, Deviated or Horizontal wellbore? No
Vertical Depth: 6,000 feet

NOTE: Locate well on the Section Plat on reverse side.

KCC WICHITA

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-11 et seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well
2. A copy of this notice of intent to drill shall be posted on the drilling rig
3. The minimum amount of surface pipe as specified below shall be set by cementing to the top, in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation
4. If the well is the hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in
6. If an alteration is completion, production prior shall be cemented from below any usable water to surface within 120 days of spud date.

The following statements are true and correct to the best of my knowledge and belief:

Date: January 4, 2005
Signature of Operator or Agent

Received: JAN 9 2005

NOTE: Apply for permit with DMR.

Mail to: KCC - Conservation Division, 130 S. Market - Room 2018, Wichita, Kansas 67202
IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No.: 15
Operator: Brannon Western, LLC
Lease: GCC
Well Number: 1-990

Field:
Number of Acres attributable to well: 50
QTR / QTR / QTR of acreage: NW

Location of Well: County:
Finney
Location from

KCC WICHITA

NOTE: In all cases locate the spot of the proposed drilling location.

In plotting the proposed location of the well, you must show:
1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sqmiles, 4 sections, etc.
2. The distance of the proposed drilling location from the section line’s south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached (CG-7 for oil wells; CG-8 for gas wells).
