important procedures to follow:

1. Notify District officer before setting surface casing.

2. Set surface casing by cementing cement to the top.

3. File completion forms on file with K.C.C. within 120 days of well span date, including drawings of well location.

4. Notify District office 48 hours prior to old well workover or reentry.

5. Submit plugging report (CP-4) to K.C.C. after plugging is completed.

6. If an alternate 2 completion, cement the production pipe from below any usable water to surface within 120 days of spud date.
