AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with KAGC.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted at each drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top.
4. The well shall be completed in accordance with the approved completion plan.
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in.
6. If an alternative completion, production pipe shall be cemented from below any usable water at surface within 120 days of spud out.

The undersigned hereby certifies that the statements made herein are true and to the best of his/her knowledge and belief.

Date: January 20, 2005

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acresage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field, complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells within 1 mile of the boundaries of the leases between acresage attribution unit for gas wells and within 1/2 mile of the boundaries of the prorated acresage attribution unit for oil wells.

API No. 15:
Operator: PIONEER NATURAL RESOURCES
Lease: Grant
Well Number: 1-129
Field: Grant

Location of Well: County: Grant
950 feet from N/S Line of Section
950 feet from E/W Line of Section
Sec: 12
Twp: 20
R: 37N
E/W: X
NW:

In Section X Regular or Irregular

If Section is irregular, locate well from nearest corner boundary.
Section corner used: NE

PLAT
(Show location of the well and shade acresage for prorated or spaced wells.)
(Show footage to nearest lease or unit boundary line)

In plotting the proposed location of the well, you must show:
1. The manner in which you arrived at the depicted plat by identifying section lines; i.e. 1 section, 1 section with 5 surrounding sections, 4 sections, etc.;
2. The distance of the proposed drilling location from the section's south/north and east/west; and;
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within prorated or spaced field a certificate of acresage attribution plat must be attached. (CO-7 for oil wells; CO-8 for gas wells)
