AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and equipping of this well will comply with K.S.A. 55 et. seq.

I hereby certify that the following minimum requirements will be met:
1. That the appropriate district office is notified of well drilling.
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.
3. The minimum amount of surface pipe is specified below shall be used by corrating cement to the top. In all cases surface pipe shall be set through or constricted material passing a minimum of 20 feet into the underlying formation.
4. If the well is to dry hole, an agreement between the operator and the district office on plug length and placement is not required prior to plugging.
5. The appropriate district office will be notified before a well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below the sealed depth to within 120 feet of fluid level or pursuant to Appendix 1A. Eastern Kansas surface casing order 411-3,81-C, which applies to the KCC District 3 area, alternate II cementing must be commenced within 30 days of the spud date, or the well shall be plugged.

I hereby certify that the spudding mason hereon are true and to the best of my knowledge and belief.
