Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

Hooked on to well head and squeezed cement to bottom and into the formation using 114 sacks of portland cement.

Shut in pressure was 1000 psi.

Cut well off below plow depth and restored location.
