KANSAS CORPORATION COMMISSION
OIL & GAS CONSERVATION DIVISION
NOTICE OF INTENT TO DRILL

Must be approved by KCC five (5) days prior to commencing well

Expected Spud Date: May 10, 2005

OPERATOR:
Name: AMERICAN WARRIOR, INC.
Address: 50 W. 11th, Suite 399
City/State/Zip: Garden City, Kansas 67846-0399
Contact Person: Cecil O’Bread
Phone: 620/271-9252

CONTRACTOR:
Name: DEX DRILLING CO., INC.

Hydrofoil for:
Min. Rec. Post Ext. Air Rotary
Gas Earplug Wildcat
Oil Field Spud
OWT Wildcat

If OWTO: old well information as follows:
Operator:
Well Name: 
Original Completion Date: 
Original Total Depth: 
Directional, Deviated or Horizontal: 
If Yes, true vertical depth: 
Bottom Hole Location: 

KCC DKT #: 

AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface pipe as specified below shall be set by cementing cement to the top. In all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying rock formation or, if cementing is not practical or economically feasible;
4. If the well is dry hole, an agreement between the operator and the district office on plug and abandonment is necessary prior to plugging;
5. The appropriate district office will notify before well is either plugged or production casing is cemented.

Of the above, the following requirements must be met:

Spud Date: 

Date: May 10, 2005

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage for gas wells and within 1/2 mile of the boundaries of the proposed acreage for oil wells.

API No. 15:
Operator: ____________________________
Lease: ______________________________
Well Number: _________________________
Field: _______________________________
Number of Acres attributable to well: ____________
QTR / QTR / QTR of acreage: ____________

Location of Well: County: ____________
West from S. Line of Section: ____________
East from S. R. Line of Section: ____________
Sec. ____________  ____________  ____________________________
1/2 mile

If Section is regular or irregular:
Is Section: __ Regular __ Irregular

If Section is irregular, locate well from nearest corner boundary.
Section corner used:  NE  NN  SE  SW

PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Note for gas wells is the nearest lease or unit boundary line.)

EXAMPLE

NOTE: In all cases locate the spot of the proposed drilling location.
Barton County

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the described plat by identifying section lines, i.e. 1 section, 1 section with 3 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage for gas wells.

(CD-7 for oil wells; C3-6 for gas wells).

Re:    Drilling Pit Application  
       Curtis Lease Well No. 1-33  
       NW/4 33-20S-12W  
       Barton County, Kansas  

Dear Mr. O’Brate:  

District staff has inspected the above referenced location and has determined that the reserve pit shall  
be constructed *without slots*, the bottom shall be flat and reasonably level and the free fluids must be  
removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has  
been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should  
be removed again as soon as practical after drilling operations have ceased.  

*If production casing is set all completion fluids shall be removed on a daily basis.*  

The fluids should be taken to an authorized disposal well. Please call the District Office at (785) 625-0550 when the fluids have been removed. Please file form CDP-5, Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: www.kcc.state.ks.us/conservation/forms/  

A copy of this letter should be posted in the doghouse along with the approved intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the above address.  

Sincerely,  

[Signature]  

Jonelle Rains, Supervisor  
Department of Environmental Protection and Remediation
