Water well within one-quarter mile:

Public water supply well within one mile:

Surface Pipe by Alternates:

Length of Conductor Pipe required:

Formation at Total Depth:

Water Source for Drilling Operations:

KCC DNR

Applicant’s Name: 

Affidavit

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 58-215.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate county office prior to spotting of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling site.
3. The minimum amount of inside pipe shall be placed beneath the spot boundaries.
4. If the well is on a lease, an agreement between the operator and the district office on length and placement is necessary prior to drilling.

If the operator desires to have an Alternate II completion, the lease shall be considered to be in effect for 120 days from the date of the permit, unless it is completed within 30 days of the permit date or the well shall be plugged. In all cases, NOTIFY district office prior to any casing.

I hereby certify that the statements made herein are true to the best of my knowledge and belief.

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plot of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage on the plat for gas wells and within 1/2 mile of the boundaries of the proposed acreage for oil wells.

API No. 15 -
Operator: Nenno Natural LLC
Lease: Bryan Cooper
Well Number: 1
Field: Unknown

Location of Well: County: Neosho

QTR / QTR / QTR of acreage: NE 4-W4

NOTE: In all cases locate the spot of the proposed drilling location.

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the depicted plan by identifying section lines, i.e. a section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If properly location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached (CD-7 for oil wells, CD-4 for gas wells).
