Mail to: KCC - Conservation Division, 110 S. Market - Room 1878, Wichita, KS 67202
IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plan of drainage tributary to a well is a pointed or mapped field

If the intended well is in a pointed or mapped field, please fully complete this side of the form. If the intended well is in a pointed or mapped field, complete the plat below showing that the well will be properly located in relationship to other wells and/or far from the common source of supply. Please show all of the wells and within 1 mile of the boundaries of the proposed drainage tributary unit for gas wells and within 1/2 mile of the boundaries of the proposed drainage tributary unit for oil wells.

AP No. 15
Operator: KENNETH S. WHITE
Location: DANIELS
Well Number: 1
Plat: Beneficial NE
Number of Acres attributable to well:

If Section is Regular or Irregular:

In Section __ Regular or ___ Irregular

If Section is Irregular, locate well from nearest corner boundary:

Section corner used: NE NW SE SW

NOTE: In all cases locate the spot of the proposed drilling location.

PLAT

(Show location of the well and show attributable acreage for pointed or mapped wells.)

(Show location to the nearest lease or unit boundary line.)

EXAMPLE

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the depicted unit by identifying section lines i.e., 1 section, 1 section with 5 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south, north, east, and west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a pointed or mapped field a certificate of drainage tributary plat must be attached (CR-7 for oil wells; CR-8 for gas wells).
