KANSAS CORPORATION COMMISSION
OIL & GAS CONSERVATION DIVISION
NOTICE OF INTENT TO DRILL

Must be approved by KCC six (6) days prior to commencing well

For KCC:  Oil
Form C-1
December 2009
December 2009
Form must be Typed
Form must be Signed
All blanks must be filled

Expected Spud Date: June 7, 2005

OPERATOR: Licensed 3077
Name: Dowling & Martin Oil Company, Inc.
Address: PO Box 372
City/State/Zip: Hays, KS 67601
Contact Person: Ron Nelson
Phone: (785) 628-3460

CONTRACTOR: License 33237
Name: Anderson Drilling

Well Drilled For: Oil
Well Class: Gas
Type Equipment: Mud Rotary

If OWNED, old well information as follows:
Owner: 
Well: Name: 
Original Completion Date: 
Original Total Depth: 

If Yes, true vertical depth: 

If Yes, title or ownership: 

Bottom Hole Location: 

KCC DKT #: UND D 1 2005

AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventuall plugging of this well will comply with KSA 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted on-site drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugup:
5. The appropriate district office will be notified before well is either plugged or completion casing is cemented in;
6. If an Alternate II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 days of spudding.

Or pursuant to Appendix "B" - Eastern Kansas Surface casing order #133391-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spudd date or the well shall be plugged.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: June 2, 2005
Signature of Operator or Agent: Wanda Thander

For KCC Use Only: 

APN 375 23609 0000

Configure pipe required: None

Maximum surface pipe required: 200 feet per Alt. 6

This authorization expires: 12/31/05

Mail to: KCC - Conservation Division, 130 S. Market - Room 2078, Wichita, Kansas 67202
IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

Location of Well: County: Graham

PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Note footage to the nearest lease or unit boundary line.)

NOTE: In all cases locate the spot of the proposed drilling location.

In plotting the proposed location of the well, you must show:
1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached: (CO-7 for oil wells; CO-8 for gas wells)
