Describe in detail the manner in which the well is plugged, indicating where the mud fluid was placed and the method or methods used in introducing it into the hole. If cement or other plugs were used, state the character of same depth placed from (bottom), to (top) for each plug set.

Hooked on to well and plugged the well using the squeeze method using a total of 26 sacks of portland cement. Shut in pressure was 750 psi. Cut off well and restored location.
