The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-101, et. seq.
It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface pipe as specified below shall be set below the top of the cement to the bottom of the casing in all cases, except natural gas wells.
4. If the well is a dewatering well, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before the well is either plugged or production casing is cemented in;
6. If an alternative is completion, production pipe shall be cemented from the bottom to surface within 120 days of spud date. In all cases, notify district office prior to any cementing.
