FOR SYLVESTER GASFIELD  
BROFILE 8-6-05  

AFIDAVIT  

This natural gas facility consists of the drilling, completion and equipagent plugging of this well which will comply with K.S.A. 55-107, et. seq.

It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to commencing well;
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface shall be set by pouring cement to the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation;
4. Prior to withdrawal of water from the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate written notice will be delivered not 30 days prior to the well being moved or plugged; and
6. All equipment shall be returned to operator and surface pipe shall be returned to below any waterable surface within 120 days of plug date. 

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

IN ALL CASES PLOT THE INTENDED WELL ON THE PLATE BELOW
Plot of acreage attributable to a well in a prorated or spaced field.

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

AFN No. ____________________________

Operator: ____________________________

Lease: _____________________________

Well Number: ________________________

Field: ______________________________

Location of Well:

County: ____________________________

State: ____________________________

Twp: _______ R. _______ Sec. _______

In Section: □ Regular or □ Irregular

Number of Acres attributable to well:

If Section is Irregular, locate well from nearest corner boundary.

Section corner used: □ NE □ NW □ SE □ SW

GTR / GTR / GTR of acreage: ________

PLAT

(Show location of the well and shade attributable acreage for prorated or spaced wells.)

(Show footage to the nearest lease or unit boundary line.)

Note: In all cases locate the spot of the proposed drilling location.

Seward County

In plotting the proposed location of the well, you must show:

1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the sections south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached (CG-7 for oil wells; CG-9 for gas wells).

RE: Drilling Pit Application
Tucker D Lease Well No. 1
NE/4 Sec. 18-345-33W
Seward County, Kansas

Dear Mr. Carder:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed without slots, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed on a daily basis.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5, Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: www.kcc.state.ks.us/conservation/forms.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely,

Kamy Haynes
Environmental Protection and Remediation Department
