Sorority Hole Location:

KCC DCT #:

INTENT EXPIRATION DATE:

WAS APPROVED PER FORM NO. 1-3-2006 IS: 8 MONTHS FROM APPROVAL DATE 2-28-2006
The undersigned hereby affirms that the drilling, completion, and eventual plugging of this well will comply with K.S.A. 55 et seq.

It is agreed that the following minimum requirements will be met:
1. Notwithstanding district office prior to well drilling of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.
3. The minimum airfield of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all unconsolidated materials at a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, no agreement between the operator and the district office on pump length and placement is necessary prior to plugging.
5. The appropriate district office shall notify the well is either plugged or production unless is cemented.
6. If an ALTERATION II COMPLETION, production pipe shall be cemented from below any worst water to surface within 18 months of spud date.

Or pursuant to Appendix "B" Eastern Kansas surface casing order K.C.S.81-115, which applies to the KCC district 3 area, concrete casing shall be completed within 30 days of the spud date or the well must be plugged. In all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief:
