KCC Dict #:

*WAS: E/2 NW 1/4, W/2 NW 1/4 Affidavit

The undersigned hereby attests that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling site.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the well is dolly hoist, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging.
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in.
6. If an ALTENATE II COMPLETION, production pipes shall be cemented from below any usable water to surface to 120 days of spud date.

Or pursuant to Appendix "F" Eastern Kansas surface casing order #135,391-5, which applies to the KCC 3rd area, all cementing must be completed within 30 days of the spud date or the well shall be plugged, in all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief:

Date: 11-17-05
