ask well information as follows:

Operator:  

Well Name:  

Original Completion Date:  

Original Total Depth:  

perpendicular, Deviated or Horizontal?  

Y  N  

If Y:  

true vertical depth:

Bottom Hole Location:  

KCC Dkt #:  

AFFIDAVIT  
The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all uncomplicated materials prior to a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on slug length and placement is necessary prior to plugging.
5. The appropriate district office will be notified before well is either plugged or abandoned casing is cemented in place.
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 days of spud date. Or pursuant to Appendix "A" - Eastern Kansas surface casing from 4133.891 C which applies to the KCC District 3 area, northern Kansas, must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to cementing.

I hereby certify that the statements made therein are true and to the best of my knowledge and belief.

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plot of acreage attributable to a well in a pooled or spaced field

If the intended well is in a pooled or spaced field, please fully complete this side of the form. If the intended well is in a pooled or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attributable for gas wells and within 1/2 mile of the boundaries of the proposed acreage attributable for oil wells.

**API No. 15:**
**Operator:**
**Lease:**
**Well Number:**
**Field:**
**Location of Well:**

**No. of Acres attributable to well:**
**QTR / QTR / QTR of acreage:**

**If Section is irregular, locate well from nearest corner boundary:**
**Section corner used:**

---

**PLAT**
*Show location of the well and grade attributable acreage for pooled or spaced wells.*
*Show footage to the nearest lease or unit boundary line.*

---

**NOTE:** In all cases locate the spot of the proposed drilling location.

In plotting the proposed location of the well, you must show:
1. The manner in which you are using the depicted plat by identifying section part, i.e., 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a pooled or spaced field a certificate of acreage attributable plat must be attached (CD-7 for oil wells; CD-8 for gas wells).
