Affidavit:
The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-56a seq.

It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to hauling of well,
2. A copy of the approved notice of intent to drill shall be posted on each drill site,
3. The minimum altitude of surface pipe as specified below shall be set by placing casing to the top; in all cases surface pipe shall be set through all unconsolidated material plus a minimum of 20 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office signing length and placement a necessary prior to spudding.
5. The appropriate district office will be notified before well is spudded or production casing is placed in.
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 days of spudding.

Date: 09-06-05
Signature of Operator or Agent:
Title: VP Drilling

Mail To: KCC - Conservation Division, 120 S. Market - Room 2078, Wichita, Kansas 67202

Remember to:
file drill rig notification (form cp-1) with intent to drill,
file completion forms (ac-1) within 100 days of spudding.
file acreage tracts plan according to field jurisdiction order.
notify appropriate district office 48 hours prior to workover or re-entry.
submit plugging report (cp-2) after plugging is completed.
obtain written approval before disposing or injecting salt water.
