**In all cases plot the intended well on the plat below**

Plot of acreage attributable to a well in a prorated or spaced field.

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the prorated acreage distribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage distribution unit for oil wells.

In Section: [ ] Regular or [ ] Irregular

If Section is Irregular, locate well from nearest corner boundary.

Section Corners used: [ ] NE [ ] NW [ ] SE [ ] SW

---

**PLAT**

(Show location of the well and show attributable acreage for prorated or spaced wells)

(Show footage to the nearest lease or unit boundary line)

---

**NOTE:** In all cases locate the spot of the proposed drilling location.

---

In plotting the proposed location of the well, you must allow:

1. The manner in which you are setting the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south (north) and east (west).
3. The distance to the nearest lease or unit boundary line.
4. If the proposed location is located within a prorated or spaced field a certificate of acreage distribution plat must be attached: (CO-7 for oil wells; CO-8 for gas wells).
