RE: Drilling Pit Application
Ewalt Lease Well No. 2
NE/4 Sec. 10-21S-13W
Stafford County, Kansas

Dear Mr. Cochran:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed without slots, the bottom shall be flat and reasonably level, and the free fluids must be removed. The fluids are to be removed from the reserve pit as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed on a daily basis.

The fluids should be taken to an authorized disposal well. Please call the District Office at (520) 225-8888 when the fluids have been removed. Please file form CDP-5, Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: www.kcc.state.ks.us/conservation/forms.

A copy of this letter should be posted in the fieldhouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the address above.

Sincerely,

Kathy Haynes
Environmental Protection and Remediation Department
