AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be placed on each drilling location;
3. The minimum amount of surface pipe as specified below shall be set or cemented to the top in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation;
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before well is either plugged or production piping is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any submersible water to surface within 120 days of spud date.

Or pursuant to Appendix B1 - Eastern Kansas surface casing order #133.891-C, which applies to the KCC District 3 area, alternates II cementing must be completed within 20 days of the spud date or the well shall be plugged. In all cases, NOI/V/DY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: July 29, 2005
