I, the undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted at each drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top. In all cases, surface pipe shall be set through all consolidating materials plus a minimum of 2 feet into the underlying formation.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging.
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in.
6. If an Alternate II Completion, production pipe shall be cemented from below any usable water to surface within 120 days of spud date.

Or pursuant to Appendix B - Eastern Kansas surface casing order #133,891-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well will be plugged. In all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: 3-19-05
Signature of Operator or Agent: [Signature]
Title: OWNER

Remember to:
- File original application (form CDP-1) with intent to Drill.
- File Completion Form CDP-1 within 120 days of spud date.
- File a notice in the official county newspaper within 3 months of spudding.
- File a notice in the official county newspaper after plugging is completed.
- Submit notice of intent at least 24 hours prior to delivery of water or completion.
- Submit notice of intent at least 24 hours prior to production.
- Submit written Approval for disposal of saltwater.
- Submit written approval for disposing or injecting saltwater.

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15 - 065-21-110
Operator: BLACK DIAMOND OIL, INC
Lease: TEEL
Well Number: 2
Field: DRIPPING SPRINGS
Number of Acres attributable to well: 
QTR / QTR / QTR of acreage: 

Location of Well: County: GRAHAM
feet from N / S Line of Section
feet from E / W Line of Section
Sec: 5 Top: 8 S, A: 24
Is Section: Regular or Irregular

If Section is irregular, locate well from nearest corner boundary.
Section corner used: NE NW SE SW

PLAT
(Show location of the well and shade attributable acreage for prorated or spaced wells.)
(Show footage to the nearest lease or unit boundary line.)
