Mail to: KOC - Conservation Division, 130 S. Market - Room 3078, Wichita, Kansas 67202

Remember:

- File Drill Plan Application (from COP-I) with KCC prior to date.
- File Completion Form 40 CSR-1 within 120 days of spud date.
- File Affidavit when 10% of drilling or completion work is done.
- Submit plugging report (CP-4) after plugging is completed.
- Obtain written permission before drilling or injecting salt water.
- If the permit has expired, fill out all petition data and plug the well immediately.

Well Drilled: Permit Expired

Date:

in all cases, notify district office prior to any cementing.
IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plat of acreage attributable to a well is in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field compare the plat below showing that the well will be properly located in relation to other wells producing from the common source of supply. Please show all the wells and within ½ mile of the boundaries of the prorated acreage attribution unit for gas wells and within 1/2 miles of the boundaries of the prorated acreage attribution unit for oil wells.

API No. 15: ________________________________
Operator: Landmark Resources, Inc.
Lease: Flat Creek 507
Well Number: 2
Field: No/DBE
Number of Acres attributable to well: ____________
QTR / QTR / QTR or acreage: NE, NW, SE, SW

Location of Well: County: Sebastian County, AR

If Section is irregular, locate well from nearest corner boundary. Section corner used: NE, NW, SE, SW

In section: ☐ Regular or ☐ Irregular

If Section is irregular, locate well from nearest corner boundary. Section corner used: NE, NW, SE, SW

In section: ☐ Regular or ☐ Irregular

In plotting the proposed location of the well, you must show:

1. The number in which you are using the depicted plat by identifying section lines, i.e., 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's north / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached (CG-7 for oil wells; CG-8 for gas wells).
