AFFIDAVIT
The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-144.

It is certified that the following minimum requirements will be met:
1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be posted at each drilling site;
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top of all casing or tubing and shall be set through all unconsolidated materials plus a minimum of 20 feet into the underlying formation;
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before well is either plugged or production waived is condemned in;
6. If an ANTHERIUM II COMPLETION, production pipe shall be cemented from below any unlined water to surface within 120 days of spud date.

Or pursuant to Appendix #6 - Eastern Kansas surface and gas order #7.7.7.9-1, which applies to the KCC district 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge,

Date: 10/21/05
Signature of Operator or Agent: 
Title: President/CDO
