The undersigned affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et seq.

It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to commencing with well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling pad.
3. The minimum amount of surface piping provided shall be set by circulating cement to the top; in all cases surface piping shall be at least 20 feet long.
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging.
5. The appropriate district office will be notified before well is water-plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production casing shall be cemented from below any usable water to surface within 120 days of spud date.
