AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and/or well plugging of this well will comply with K.S.A. 55 et seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well;
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 50 feet into the underlying formation;
4. If the well is a dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before well is water-tested or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water to surface within 120 days of spud date.

Or pursuant to Appendix "B" - Eastern Kansas surface casing pair #130,890-C, which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged in all cases. NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge:

Title: President/COO

Remember to:

- File Dril Pit Application (form CDP-1) with intent to drill;
- File Completion Form CCO-1 within 120 days of spud date;
- File acreage attribution report according to field priorization order;
- Notify appropriate district office 48 hours prior to workover or re-entry;
- Submit plugging report (DP-4)after plugging is completed;
- Obtain written approval before disposing or injecting salt water;
- If this permit has expired (filed as authorized expiration date) please check the box below and return to the addresses below.

Will Not Drilled - Permit Expired
