AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of the well will be in compliance with K.S.A. 35-190.
IN ALL CASES FLOT THE INTENDED WELL ON THE PLAT BELOW

Plan of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field please fully complete title side of the form. If the intended well is in a prorated or spaced field please plot the plat below showing that the well will be properly located in relation to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the prorated acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the prorated acreage attribution unit for oil wells.

If section is irregular, locate well from nearest corner boundary. Sections corner used: [ ] NE [ ] NW [ ] SE [ ] SW

PLAT
(Show location of the well and shade proratable acreage for prorated or spaced wells.)
(Show footage to the nearest 1/32 or unit boundary line.)

NOTE: In all cases locate the spot of the proposed drilling location

In plotting the proposed location of the well, you must allow:
1. The manner in which you are using the described plan by identifying section lines, i.e. 1 section, 1 block with 3 surrounding sections.
2. The distance of the proposed drilling location from the section's south / north line east / west.
3. The distance to the nearest feet or unit boundary line.
4. If proposed/drilling location is located within a prorated or spaced field a certificate of acreage attribution plan must be attached. (1/32” or less of wells; 1/16” or gas wells).
