**Affidavit**

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-17a.

It is agreed that the following minimum requirements will be met:

1. The appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be placed on each drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be
   through all consolidated materials plus a minimum of 20 feet into the underlying formation.
4. If the drill is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging.
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in.
6. If an alternate completion, production pipe shall be cemented from below any usable water to surface within 120 days of spud date.

O pursuant to Appendix 11, Kansas Surface casing order #115,891, which applies to the XIX District 3 test, alternate cementing must be completed within 90 days of the spud date or the well shall be plugged. In all cases, KDOT approval or prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.
