If Yes, proposed zone:

Affidavit

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55-5 et seq. It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to spudding of well;
2. A copy of the applied notice of intent to drill shall be posted on each drilling rig;
3. The minimum amount of surface pipe as specified below shall be set by circulating cement to be top; in all cases such pipe shall be set through all uncemented materials plus a minimum of 20 feet into the underlying formation;
4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;
6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water surface within 120 days of spud date. Or pursuant to Appendix “B” Eastern Kansas surface casing order [133.961], which applies to the KCC District 3 area, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged in. In all cases, NOTIFY district office prior to any cementing.
I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date 7/20/05
Signature of Operator or Agent:

Remember to:

• File DNR Pit Application (form COF-1) with intent to drill;
• File Completion form AGO-1 within 120 days of spud date;
• File acreage attribution plat according to field proportion order;
• Notify appropriate district office 48 hours prior to workover or re-entry;
• Submit plugging report (COF) after plugging is completed;
• Obtain written approval before disposing of or re-filtering salt water;
• If this permit has expired (see authorized expiration date) please check the box below and return for the address below.
