 - Underground Natural Gas Storage Area
 - Cities with population over 10,000
- Interstate highway
 - State highway
 - Federal highway

Lambert Conformal Conic Projection
with standard parallels at 33° and 45°

This map shows the status of fields as of January 1, 1992. Official names are assigned by the Nomenclature Committee of the Kansas Geological Society. Field names followed by the letter "A" identify fields that were abandoned at compilation time.

This map was produced by computer-aided cartography using the CIMMAP (Geodata Interactive Management Map Analysis and Production) system developed at the Kansas Geological Survey, revised by Robert J. Sampson.

The Kansas Geological Survey does not guarantee this map to be free from errors or inaccuracies and disclaims any responsibility or liability for interpretations made from the map or decisions based thereon.
