

**Proposed Project for Application to the Kansas Department of Health and Environment
for the Kansas Water Pollution Control Revolving Loan Fund.**

Applicant: City of Alta Vista
Change in Scope of Work: Wastewater Treatment Improvements
Demolishment of old 3-cell water treatment lagoons
KWPCRF Project No. C20 1568 01

Contact Person: Donna J. Crawford
Address: Governmental Assistance Services
905 Joseph Dr.
Lawrence, KS 66049

Sent to the Kansas Geological Survey for environmental review.

Agency Review Comments:

There are no significant adverse environmental impacts expected from demolishment of the old lagoon cells.

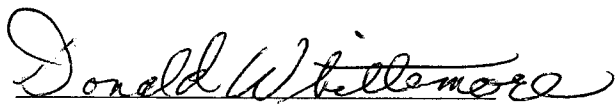

Recommended Action:

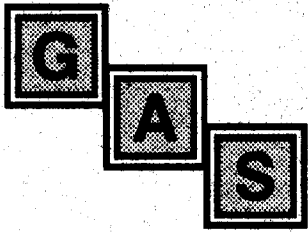

- ☒ Clearance of project should be granted
☐ Clearance of project should not be granted
☐ Clearance of project should be delayed until the issues or questions have been clarified
☐ Clearance of project should not be delayed, but the applicant (in the application) should address or clarify the questions or concerns indicated above

RE: Change in Scope of Work – Revised Environmental – Alta Vista, KS

Dear Dr. Allison:

The City of Alta Vista has constructed a new 4-cell lagoon. The original plan was to use the old 3-cell system as a storm detention system. KDHE has requested the old lagoon system be demolished. Therefore comments are requested by your department to clear the change in the scope of work to be completed.

Please see the attached map for site location and pictures. Your immediate response will be appreciated.

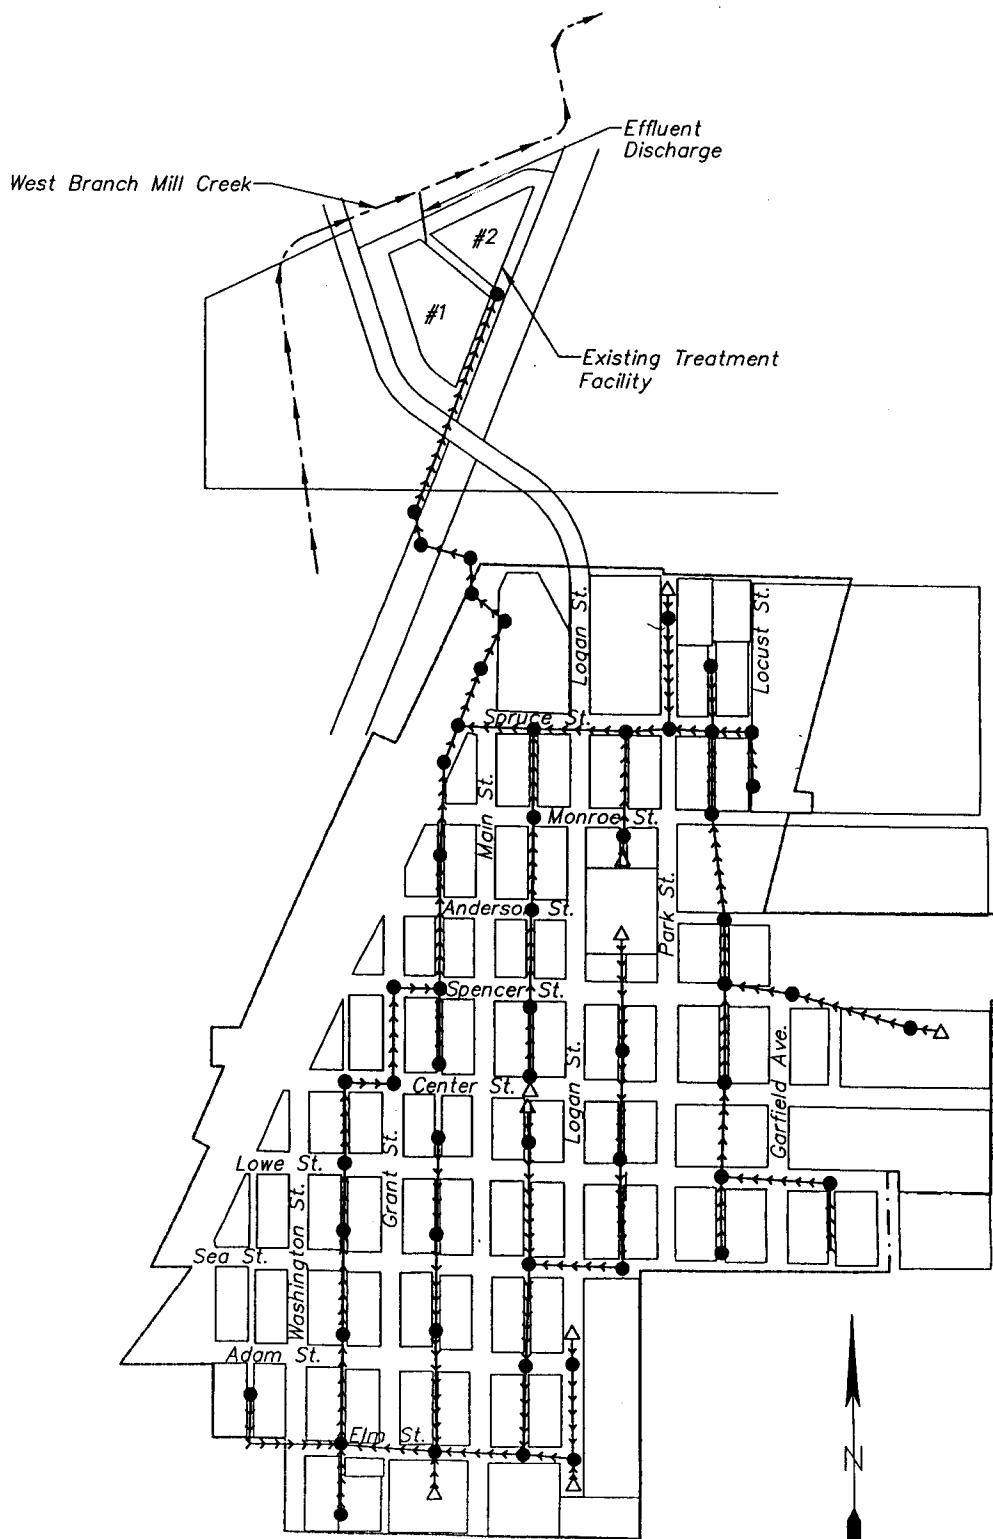

Please submit all your comments to Governmental Assistance Services, 905 Joseph Dr., Lawrence, KS 66049.

If you should have questions please call my office toll free at 888-832-3335.

Sincerely,

Donna J. Crawford
Grant Administrator
