Dear Ms. Galemore:

I received your inquiry to the Kansas Geological Survey seeking input on "Environmental Assessment Comments" for improvements to the Bourbon County Courthouse located within the City of Fort Scott, Kansas. The project consists of modifications to the courthouse to correct for non-code compliance problems with the courthouse especially with the sidewalk and stairs on the east side of the courthouse.

It is my understanding that this review is necessary for the Bourbon County Courthouse (located within the City of Fort Scott) to be considered for a grant for the building/sidewalk improvements from the Kansas Department of Commerce Small Cities Community Development Block Grant Program. I do not recognize any specific problems with your request based on the information you have provided. Therefore, the Kansas Geological Survey provides the necessary clearance from our agency for your project and I have signed the form requesting environment assessment comments.

Sincerely,

Lawrence L. Brady
Senior Scientist
