Ms. Becky Voorhies
Planning and Development Consultant
Southeast Kansas Regional Planning Commission
P.O. Box 664
Chanute, KS 66720-0664

Dear Ms. Voorhies:

I received your inquiry to the Kansas Geological Survey seeking input on "Environmental Assessment Comments" for the addition of two storm sirens and a repeater in the Toronto Lake area of Woodson County, Kansas. The project consists of the installation of one siren in the Hilltop area, and the other to be installed in Holiday Hills residential area near Toronto Lake.

It is my understanding that this review is necessary for these residential areas to be considered for a grant from the Kansas Department of Commerce, Small Cities Community Development Block Grant Program for the installation of two storm sirens and a repeater. I do not recognize any specific problems with the request based on the information you have provided. Therefore, the Kansas Geological Survey provides the necessary clearance from our agency for your project and I have signed the form requesting environment assessment comments.

Sincerely,

Lawrence L. Brady
Senior Scientist

Enc.

Request for Environmental Assessment Comments

REPLY REQUESTED BY: 9/23/2005
