Project for Application to Rural Development Guaranteed Loan

Applicant: Miami County Rural Water District No. 2
Contact Person: Lana L. Kettler
Address: Miami County Rural Water District No. 2
P.O. Box 186
Hillsdale, KS 66036-0186

Sent to the Kansas Geological Survey for environmental review.

Agency Review Comments:

The long-term benefits of the different components of the improvements to the existing potable water distribution system should offset any short-term adverse impacts during construction of the project.

Recommended Action:

- ☒ Clearance of project should be granted
- ☐ Clearance of project should not be granted
- ☐ Clearance of project should be delayed until the issues or questions have been clarified
- ☐ Clearance of project should not be delayed, but the applicant (in the application) should address or clarify the questions or concerns indicated above
- ☐ Request the opportunity to review final application prior to submission to the federal funding agency.

The above discussion represents our best assessment based on the information that the Kansas Geological Survey has about this locality and/or proposed project at the time of this writing. Other geologic conditions, not discussed herein, or for which the Kansas Geological Survey has no knowledge, may affect the viability or safe operation of this facility or property. The information provided in this letter is from regional or county-wide studies and should not be used as a substitute for detailed site characterization by a licensed geologist or engineer. It is the responsibility of the applicant to provide any required site characterizations.

Additional note: The letter to the Kansas Geological Survey was addressed to Dr. Lee Allison. Please note that Dr. Allison has not been the Director of the Kansas Geological Survey since the middle of August 2004. The current Director is Dr. William Harrison.

RE: Request for Intergovernmental Review

We are preparing an application to Rural Development Guaranteed Loan for financial assistance to install improvements to our existing potable water distribution system. Improvements shall include one 1.0 mg elevated storage tank, approximately 20,000 LF of twenty four inch ductile iron pipe, 13,000 LF of eighteen inch ductile iron pipe, 28,000 LF of twelve inch pvc pipe, control valve vault, valves, fire hydrants and appurtenances. Benefits derived from this project are intended solely for the enhancement of the health, safety and quality of life for the members of Rural Water District No. 2, Miami County, KS. These improvements will allow the District to address continued residential growth in rural Miami County.

If you have any environmental issues concerning the proposed project, please provide written comments to us within 30 days of the receipt of this letter. If there are no areas of concern or comments, we appreciate your negative report.

Sincerely,

Gerald D. Bennett
General Manager
