Proposed Project for Application to the Kansas Department of Health and Environment for the Kansas Water Pollution Control Revolving Loan Fund.

Applicant: City of Lyons
Sanitary Sewer System Improvements

Contact Person: David C. Kendrick, Utilities Superintendent

Address: City of Lyons
P.O. Box 808
217 East Avenue South
Lyons, KS 67554

Sent to the Kansas Geological Survey for environmental review.

Agency Review Comments:

The long-term benefits of the improvements to the sanitary sewer system should offset any short-term adverse environmental impacts during installation of the sewer line extensions and improvement district and replacement of existing sewer lift stations.

Recommended Action:

- ☒ Clearance of project should be granted
- ☐ Clearance of project should not be granted
- ☐ Clearance of project should be delayed until the issues or questions have been clarified
- ☐ Clearance of project should not be delayed, but the applicant (in the application) should address or clarify the questions or concerns indicated above

The above discussion represents our best assessment based on the information that the Kansas Geological Survey has about this locality and/or proposed project at the time of this writing. Other geologic conditions, not discussed herein, or for which the Kansas Geological Survey has no knowledge, may affect the viability or safe operation of this facility or property. The information provided in this letter is from regional or county-wide studies and should not be used as a substitute for detailed site characterization by a licensed geologist or engineer. It is the responsibility of the applicant to provide any required site characterizations.

Additional note: The letter to the Kansas Geological Survey was addressed to Dr. Lee Allison. Please note that Dr. Allison has not been the Director of the Kansas Geological Survey since the middle of August 2004. The current Director is Dr. William Harrison.

Subject: Sanitary Sewer System Improvements Environmental Notice

1. The City of Lyons is preparing an application to the Kansas Department of Health and Environment for a loan for improvements to the City of Lyons Sanitary Sewer System. There are three projects.

- (1) Extension of the existing sewer line system to support new customers.
- (2) Sewer line improvement district to support a new housing development.
- (3) Replacement of three existing sewer lift stations. A map of showing the location of the sanitary sewer improvement locations within the City of Lyons is enclosed.

2. If your agency has any concerns about this project please notify my office in writing or contact Mr. David Kendrick at (620) 257-3054 or 2320 or jsweet@lyonsks.org. Your quick response is greatly appreciated.
