RE: Agency Review Transmittal Form for H & L Electric Inc.—Bluestem Electric Cooperative, Inc.

Dear Mr. Clary:

I have received your request for comment by the Kansas Geological Survey (KGS) on an application to USDA Rural Development from Bluestem Electric Cooperative, Inc. for a Rural Economic Development Loan to assist H & L Electric Inc. The loan will be used to construct a new 9,600 sq. ft. building which will provide approximately 3,600 ft of office/administrative space with the balance of the building for equipment and supplies. The new building will be located at 11130 Legion Drive, St. George, Pottawatomie County, Kansas.

I examined the USGS St. George 7½-minute topographic map, a 2002 orthophotograph, the NRCS Pottawatomie County Soil Survey, and a US Geological Survey report on the geology of Pottawatomie County (Scott, Foster, and Crumpton, 1959, USGS Bulletin 1060-C). The geologic map indicates that the site is on Quaternary Glacial Outwash deposits. Outwash deposits are stream and river alluvium associated with glaciers and could be aquifers. Care must be taken to avoid contamination of the aquifer. The Kansas Geological Survey has no knowledge of geologic issues affecting this application. I have signed and enclosed the Agency Review Transmittal Form.

The above discussion represents our best assessment based on the information that the Kansas Geological Survey has about this locality and/or proposed project at the time of this writing. Other geologic conditions, not discussed herein, or for which the Kansas Geological Survey has no knowledge, may affect the viability or safe operation of this facility or property. The information provided in this letter is from regional or countywide studies and should not be used as a substitute for detailed site characterization by a licensed geologist or engineer. It is the responsibility of the applicant to provide any required site characterizations.

If you have any questions, please contact me at (785) 864-2194 or ohlmac@kgs.ku.edu.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Ohlmacher', with a stylized, flowing script.

Gregory Ohlmacher, P.G.
Associate Scientist

RE: H & L Electric, Inc. – Bluestem Electric Cooperative, Inc.

The Bluestem Electric Cooperative, Inc. is in the process of submitting an application for a Rural Economic Development Loan (REDL) to USDA-Rural Development to assist H & L Electric, Inc. The purpose of the proposed loan will be to construct a new 9,600 sq. ft. building which will provide approximately 3,600 ft of office/administrative space with the balance of the building for equipment and supplies.

The location of the building will be at 11130 Legion Lane, St. George, Kansas. This is real property already owned by H & L Electric.

This letter is providing notification of the above-proposed project, as well as the opportunity for your agency to review and comment on the proposed project as required by Executive order 12372.

More specific information describing the proposal may be obtained from the following contacts:

APPLICANT

Bluestem Electric Cooperative, Inc.
Ron Dickey, Member Services Director
614 E. Highway 24
Wamego, KS. 66547
785-456-2212

ULTIMATE RECIPIENT

H & L Electric, Inc.
Hal Newman, President
809 Levee Dr. Suite G
Manhattan, KS. 66502
785-539-3275

Please provide your comments to this office, attention Doug Clary, Area Specialist, no later than August 14, 2006. Faxed responses are acceptable.

Rural Development will not obligate funds for this project until we have completed an Environmental Assessment of the project.

Sincerely,

Douglas Clary
Area Specialist
