Ms. Susan Galemore
Southeast Kansas Regional Planning Commission
P.O. Box 664
Chanute, KS 66720-0664

Dear Ms. Galemore:

I have reviewed the information you submitted with your inquiry to the Kansas Geological Survey seeking input on "Environmental Assessment Comments" for construction of a metal building to house the rural fire department located within the City of Yates Center, Kansas. The review is for a grant request from the Woodson County Rural Fire Department through the Southeast Kansas Regional Planning Commission to the Kansas Department of Commerce, KAN-STEP Program for the construction of the building. The new building is planned as a 70' x 120' metal building at 809 W. Mary to house the Woodson County Rural Fire Department.

Based on the information provided to the Kansas Geological Survey, I do not anticipate environmental problems associated with the demolition of the existing building and construction of the proposed metal fire department building if the construction work meets with the requirements and approval of the Kansas Department of Commerce. Therefore, the Kansas Geological Survey provides the necessary clearance from our agency for your project and I have signed the form requesting environment assessment comments.

The above discussion represents our best assessment based on the information that the Kansas Geological Survey has about this locality and/or proposed project at the time of this writing. Other geologic conditions, not discussed herein, or for which the Kansas Geological Survey has no knowledge, may affect the viability or safe operation of this facility or property. The information provided in this letter should not be used as a substitute for detailed site characterization by a licensed geologist or engineer. It is the responsibility of the applicant to provide any required site characterizations.

Sincerely,

Lawrence L. Brady
Senior Scientist

Enc.

Request for Environmental Assessment Comments

REPLY REQUESTED BY: 1-19-06

TO: Larry Brady Kansas Geological Survey University of Kansas 1930 Constant Avenue, Campus West Lawrence, KS 66047	GRANT NUMBER AND PROGRAM: New grant application for KDOC KAN-STEP Program
APPLICANT NAME AND ADDRESS: Woodson County Rural Fire Department	RETURN TO: Susan Galemore Southeast Kansas Regional Planning Commission PO Box 664 Chanute, KS 66720 620-431-0080
PROGRAM ACTIVITY/PROJECT NAME: Construction of new fire department building	LOCATION: 809 W. Mary, Yates Center, KS, Woodson County

PROGRAM ACTIVITY/DESCRIPTION: This is a proposed project to construct a 70' X120' metal building to house the rural fire department located at 809 W. Mary, Yates Center, KS, Woodson County. There are not currently any drawings for the project as this is a preliminary site the fire department is considering pending the results of the environmental assessment. There is currently a vacant building on the site that would be demolished, then construct the new building. The previous tenant was a tire repair shop.
