AFFIDAVIT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55, ss. 

It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.
3. The minimum amount of surface pipe as specified below shall be set by cementing cement in the top; in all cases surface pipe shall be set through all unconsolidated materials plus a minimum of 20 feet into pre-underlying formations.
4. If a well is dry hole, an agreement between the operator and the district office on plug length and puncture is necessary prior to plugging.
5. The appropriate district office will be notified before well is either plugged or production casing is certified in.
6. If an ALTERNATIVE II COMPLETION, production pipe shall be certified in below any usable water to surface within 120 days of spud date. Or pursuant to Appendix B - Eastern Kansas surface casing order #133.861-C, which applies to the KCC District 3 area, alternate cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any remaining.

I hereby certify that all requirements made herein are true and to the best of my knowledge and belief.
