REPLY TO CORRECTED PERMITS

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 35-27-2.

It is agreed that no following minimum requirements will be met:
1. Notify the regulatory district office prior to spudding of well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling
3. The minimum amount of surface pipe as specified below shall be ready along with the drilling site and shall be complete.
4. If the well is dry, a well agreement between the operator and the district office is on plug length and placement is necessary prior to drilling.
5. The appropriate district office shall be notified before well is either plugged or production casing is bent;
6. If an alternate II completion, production pipe shall be cemented from below any usable water and cemented from below 100 days of the date of spud.

Or pursuant to Appendix "B" - Eastern Kansas surface casing record 13,891, which applies to the KCC District 3 area, alternate II casing must be complete within 30 days of the spud date or the well shall be plugged in all cases. NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: 09-25-06
Signature of Operator or Agent:

Remember to:
- File Well Drilling form CDF-1 with intent to drill.
- File completion form ACD-1 within 120 days of drill date.
- File sewage attribution form according to field operation orders.
- Notify appropriate district office 48 hours prior to working or storage.
- Submit plugging report (CP-4) after drilling is completed.
- Obtain written approval before disposal or draining of salt water.

If the permit has expired (See authorization/expiration date) please check the box below and return to the address below.
