APRIVAT

The undersigned hereby affirms that the drilling, completion and eventual plugging of this well will comply with K.S.A. 55 et. seq.

It is agreed that the following minimum requirements will be met:

1. Notify the appropriate district office prior to spudding of well.

2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.

3. The minimum amount of surface pipe as specified below shall be set by circulating cement to the top; in all cases surface pipe shall be left through all uncompleted materials plus a minimum of 20 feet into the undrilling formation.

4. If the well is dry hole, an agreement between the operator and the district office on plug length and placement is necessary prior to plugging;

5. The appropriate district office will be notified before well is either plugged or production casing is cemented in;

6. If an ALTERNATE II COMPLETION, production pipe shall be cemented from below any usable water surface within 1/2 days of spud date.

Or pursuant to Appendices "B" - Eastern Kansas surface casing order #130,891 C, which applies to the KCC District #6, alternate II cementing must be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and to the best of my knowledge and belief.

Date: 8-24-05

Signature of Operator or Agent: 

Remember to:

• File Drilling Application (form CDP-1) with Intent to Drill;

• File Completion Form ACD-1 within 120 days of spud date;

• File unusual authorization per according to field operation orders;

• Submit plugging report (CDP-4) after plugging is completed;

• Obtain written approval before disposing or injecting salt water;

• If this permit has expired (see authorized expiration date) please check the box below and return to the address below.
