NOTICE OF INTENT TO DRILL

Must be approved by KCC five (5) days prior to commencing well.

KANSAS CORPORATION COMMISSION
OIL & GAS CONSERVATION DIVISION

For KCC Use Only

APR 15 - 007. 22455-04-61

Contractor approved: N/A .

Minimum surface area required: 200

[Signature of Operator or Agent] By: [Signature]

KCC - Conservation Division, 130 S. Market - Room 2079, Wichita, Kansas 67202
IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW

Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source in supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within 1/2 mile of the boundaries of the proposed acreage attribution unit for oil wells.

API No. 15: ____________________________ Location of Well, County: ____________________________
Operator: __________________________________________ Last from: __________ N / S Line of Section
Lessee: __________________________________________ Heat from: __________ E / W Line of Section
Well Number: __________________________________________ Sec. ________ T __________ R __________ ________ E / W Line of Section
Field: __________________________________________ East / West
Number of Acres attributable to well: ___________ In Section: [ ] Regular or [ ] Irregular
GTR / GTR / GTR of acreage: ___________

PLAY
(Show location of the well and acreage attributable acreage for prorated or spaced wells.)
(Show location to the nearest lease or unit boundary line.)

EXAMPLE

NOTE: In all cases locate the foot of the proposed drilling location.

BARRIER COUNTY

In plotting the proposed location of the well, you must show:
1. The manner in which you are using the dupliated plot by identifying section limits, i.e. 1 section, 7 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the section's south / north and east / west.
3. The distance to the nearest leases or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plan must be attached. (CO-7 for oil wells; CO-9 for gas wells.)

RE: Drilling Pit Application  
Alexander Lessee Well No. 3-11  
SE4 Sec. 11-30S-15W  
Barber County, Kansas

Dear Mr. O'Brate:

District staff has inspected the above referenced location and has determined that the reserve pit shall be constructed without slots, the bottom shall be flat and reasonably level, and lined with bentonite or caliche. The free fluids must be removed. The fluids are to be removed from the reserve pit as soon as the Hutchinson Salt section has been drilled through and displacement of the fluids into the reserve pit has occurred. The fluids should be removed again as soon as practical after drilling operations have ceased.

If production casing is set all completion fluids shall be removed on a daily basis.

The fluids should be taken to an authorized disposal well. Please call the District Office at (620) 225-8888 when the fluids have been removed. Please file form CDP-5, Exploration and Production Waste Transfer, within 30 days of fluid removal. Conservation division forms are available through our office and on the KCC web site: www.kcc.state.ks.us/conservation/forms.

A copy of this letter should be posted in the doghouse along with the approved Intent to Drill. If you have any questions or concerns please feel free to contact the undersigned at the above address.

Sincerely,

Kathy Hajes  
Environmental Protection and Remediation Department
