KANSAS CORPORATION COMMISSION
OIL & GAS CONSERVATION DIVISION
NOTICE OF INTENT TO DRILL

For KCC Use

Effective Date: 12/2002
District # 1
SGA? Yes No

Expected Spud Date: 02/15/95

OPERATOR: License # 5447
Name: DIX USA Inc.
Address: 900, Box 1394
City/State/Zip: Liberal, KS 67901
Contact Person: Vurl Carter
Phone: (620) 526-5451

CONTRACTOR: License # 20059
Name: Mertes Drilling Co., Inc.

Well Drilled For: Ogden Field
Well Class: Type Equipment: Oil
Depth: 7592
Completion Date: Original Total Depth: 6900 ft
Directional: Vertical or Horizontal well
Ip (Up, vertical depth
Completion Location: 23/8 N 35° 30' E

KCC No.: 12-100

The undersigned hereby affirms that the sinking, completion and eventual plugging of this well will comply with K.S.A. 55-101, et seq.
It is agreed that the following minimum requirements will be met:
1. Notify the appropriate district office prior to sinking a well.
2. A copy of the approved notice of intent to drill shall be posted on each drilling rig.
3. The minimum amount of surface pipe is specified below shall be in drilling cement to the top. In all cases, surface pipe shall be uncoiled materials plus the minimum of 20 feet into the underlying formation.
4. If the well is to be drilled, an agreement between the operator and the district office, on plug length and placement is necessary prior to drilling.
5. The appropriate district office will be notified before well is either plugged or production casing is cemented in.
6. If an ALTERATIVE 1 COMPLETER, production pipe shall be cemented from below any usable water to surface within 120 days of spudding. Obligations under the regulations of the K.G.C. Commission are to be completed within 30 days of the spud date or the well shall be plugged. In all cases, NOTIFY district office prior to any cementing.

I hereby certify that the statements made herein are true and will be to the best of my knowledge and belief.

IN ALL CASES PLOT THE INTENDED WELL ON THE PLAT BELOW
Plat of acreage attributable to a well in a prorated or spaced field

If the intended well is in a prorated or spaced field, please fully complete this side of the form. If the intended well is in a prorated or spaced field complete the plat below showing that the well will be properly located in relationship to other wells producing from the common source of supply. Please show all the wells and within 1 mile of the boundaries of the proposed acreage attribution unit for gas wells and within ½ mile of the boundaries of the proposed acreage attribution unit for oil wells.

Location of Well: County ____________________________
Operator: _______________________________________
Lease: _________________________________________
Well Number: _______________________________________
Field: _________________________________________
APN No. 15: ____________________________

Number of Acres attributable to well: ____________________
QTR / QTR / QTR of acreage: __________________________

In Section _________ Regular or _________ Irregular

If Section is Irregular, locate well from nearest corner boundary.
Section corner used: NE NW SE SW

PLAN
(Show location of the well and shade attributable acreage for prorated or spaced wells.)
(Show footage to the nearest lease or well boundary line.)

Note: In all cases locate the spot of the proposed drilling location.

Stevens County

In plotting the proposed location of the well, you must show:
1. The manner in which you are using the depicted plat by identifying section lines, i.e. 1 section, 1 section with 8 surrounding sections, 4 sections, etc.
2. The distance of the proposed drilling location from the sections south / north and east / west.
3. The distance to the nearest lease or unit boundary line.
4. If proposed location is located within a prorated or spaced field a certificate of acreage attribution plat must be attached (CO-7 for oil wells; CO-8 for gas wells).
