

VERTICAL SECTION AND HORIZONTAL PLAN OF A SMALL PORTION OF A ROOM AND PILLAR WORKING,
 SHOWING A HORSEBACK INTERSECTING THE COAL AND ACCOMPANYING STRATA.

The vertical section shows thickness of coal stratum, height of room, coal left for pillars, and the nature and extent of the horseback as seen at the line AB, in horizontal plan. The disposition of the rooms, hauling ways, and air passages is shown, as is also the employment of the horseback as pillars.
