STUDIES OF THE WATER RESOURCES OF KANSAS BY THE
U.S. GEOLOGICAL SURVEY, IN COOPERATION WITH VARIOUS
STATE AGENCIES--A BIBLIOGRAPHY

December 1975

References in this paper are listed by section according to year of publication from the present (in press) to 1940. References prior to 1940 are listed in the section "pre-1940." Authorship within each section is alphabetical. The terminal section of the paper, "MISCELLANEOUS U.S.G.S.," gives references that were published periodically, and required routine work on the part of personnel of the Kansas district.
