

RAYMOND C. MOORE COLLECTION  
UNIVERSITY OF KANSAS ARCHIVES  
SPENCER RESEARCH LIBRARY

Kansas Geological Survey, Open-file Report 91-4

cataloged by Rex C. Buchanan and Christopher G. Maples

**BOX 1**

1. Photographs: Expedition through the Grand Canyon; glued on black paper with white-ink labels.
2. 2 boxes Labeled "Views From Detroit Publishing Co."; commercial scenery shots; 7x9 size; mostly labeled by location on fronts of photographs.
3. Envelope "RCM 47"; 8x10 copy negatives of Wisconsin Dells, Zion, and the Badlands.
4. Envelope "Geological Survey Photos"; shots of various sizes from Geological Survey of Canada; some shot in Ontario; one Grand Canyon photo.
5. Personal Photographs: mostly unlabeled shots of people; shots from the Taos fieldtrip; some shots assumed to be family; more field photos and Grand Canyon trip photos; a couple of the Detroit Publishing Co. shots; packet of mostly unlabeled family photos (Hobbs and sis, 9-1-15; Daddy and Mother, 9-1-15).
6. Packet of photos on white paper tied with a red string; Japan; shots of people, some identified.
7. Japan photos tied with red ribbons; box on bottom, containing photos of mostly unidentified U.S. geology; another of Moore in drag; State Geologists field trip from 1929 with identifications; Denison Univ. 1935 honorary doctorate photos; photo from 1933 International Congress in Wyoming with identifications.
8. AAPG plaque for being editor from 1920-1926.
9. One unidentified photo of someone.
10. Another file of personal photographs marked "photos for drawings, geologists."; some pictures of Lilian.
11. Portrait of A.K. Miller.
12. Portrait of Percy Raymond.
13. Portrait of Charles P. Berkey.
14. Portrait of Walter H. Beucher.
15. Portrait of Eliot Blackwelder.
16. Portrait of C. R. Longwell.

17. Portrait of Adolph Knopf.
18. Portrait of E. B. Knopf.
19. Portraits of geologists (mostly Chicago guys, 1933); one of Croneis, Landes, Schoewe, several of Moore, Ulrich, etc.
20. Unmarked envelope of Japanese photos.
21. Unmarked envelope of unidentified portraits from 1949.
22. Unmarked envelope of trip to Japan.

## **BOX 2**

1. Unmarked file--black and white photos of Moore and collection of Pogo comic strips.
2. Portraits. Family--Portraits of Moore. Denison University, Sycamore Club, with 1912. Various shots of Mrs. Moore, travels, banquet photos.
3. Envelope marked Raymond C Moore, Lawrence Kansas--Wedding portrait of Bernard H. Moore and Winifred D. Moore, 9 November 1915, 25th anniversary. Various other photos of Moore and family.
4. Personal. Photographs. Portraits of Moore. Newspaper clippings. Moore's sketches of chancellors. Some travel photos.
5. Envelope marked unidentified group photo.
6. Personal. Photographs. Black and white photos pasted on white paper. Mostly family shots of Moore and some travel photos.

## **BOX 3**

1. Box marked GSA Memoir. Folder marked Morrowan GSA containing Table of contents for Chapter 9.
2. Box marked GSA Memoir, Rough Draft and Originals, Second Copy of 6. Contains two copies of Chapter 6 and references on index cards. Folder labelled Rough Draft Chapter 6, Proof Read 8-5-48. Folder marked Chapter 7, Fusulinids, containing prints of fusulinids. Folder marked Chapter 8, Ammonoids, containing PMTs of ammonoid drawings.
3. Box marked GSA memoir, Chapter 1-2, Title Page. Folder marked GSA, Chapter 1, Proof read 8-7-48. Folder marked, Rough Draft, Chapter 3, Proof read. References on index cards. Title page, illustration lists, PMTs of cross sections, measured sections. Correspondence between Moore and Koenig, 4 p. plus four pages of figures. Also instructions for printing.

4. Box marked GSA memoir, Chapters 1-5 second carbon. PMTs of figures and original plates of 1929 *Journal of Paleontology* paper on bryozoa.

5. Loose paleogeographic map of Ordovician.

6. Folder marked "correspondence" apparently with co-authors. Correspondence related to correlations and nomenclature. Also copy of original project proposal.

#### **BOX 4**

1. Numerous large-format paintings and photos of geologic locations (place-mat size)

2. Introduction GSA. Drafts of stratigraphic correlations and figure lists for GSA Memoir on stratigraphy.

3. Box. GSA memoir, Rough Draft/4. Contains folder of measured sections marked "Nebraska sections/Oklahoma sections Newell". Contains various drafts of ms. for GSA Memoir: Pennsylvanian and Lower Permian section in Oklahoma by Norman D. Newell; Pennsylvanian and Lower Permian section in north and central eastern Oklahoma by N.D. Newell (arranged by R.C. Moore and John Mark ); Pennsylvanian and Lower Permian section in Kansas by R.C. Moore and John Mark Jewett (31-158 p.).

4. Open box containing a folder "Rough Draft Chapter 4, Proof read 8-4-48." Includes table of contents. Box also contains references on index cards.

5. Box marked GSA Memoir, Chapter 2. Two stacks of references on index cards. Figures. Chapter 2, with table of contents. Correspondence to Moore from C.W. Tomlinson, 10-5-48 related to figures. Paper marked Springeran and Morrowan of the eastern Arbuckle area by R.H. Dott, C.A. Moore, and G.S. Dille, pp. 148-153. Springeran rocks of the Ardmore area by C.W. Tomlinson, pp. 133-147. Correspondence from Tomlinson to Betty Hagerman, 10-25-48. Desmoinesian rocks of Nebraska by G.E. Condra and E.C. Reed, p. 325. The Lampasan Question by Malcomb C. Oakes and Robert H. Dott, pp. 206-214. Total of 21 chapter mss. along with notes about compilation. Folder called Chapter 2 and Rough Draft, Proofread 7-26-48.

6. Box marked GSA Memoir, Chapter 5. Table of contents for Chapter 5. References on index cards. Folder marked GSA Memoir Chapter 5. Unmarked Folder containing photographs of figures, PMTs for chapter 5.

7. GSA Memoir, Chapter 9. Unmarked folder containing ms. of Chapter 9, p. 9-73--9-148 plus additional pages, plus correspondence to M.K. Elias, 9-22-48.

8. Kodak Paper box marked Plates from Prehistoric Animals, J. Augusta-Z. Burlan. Photographs of figures of dinosaurs and swimming reptiles, Pleistocene mammals.

9. Kodak Paper box marked Library prints, 78 prints plus 1 4 x 5 contact glossy. Photographs, some labeled, of geologic shots from Canada, Peru, Minnesota, Utah, South Dakota, Oregon. Some with mylar taped over top of photos with some features identified.

## **BOX 5**

### **FAMILY DOCUMENTS**

1. Family Documents, including Family Tree for Samson Moore and Susannah Taylor.

2. Unmarked file. Treatise material. Ammonites?

3. Family Documents, including fingerprints, insurance, and vaccination records.

4. Family documents. Three family letters from 1800s and certificate of ordination for B.H. Moore in Baptist church of Eelensburg, Washington.

5. Personal Experience Record (Honors, Bibliography). List of publications and curriculum vitae.

6. Awards and tributes: correspondence related to awards.

7. Personal honors (1942-1965); correspondence and newspaper clippings.

8. Personal honors (1949-1963); copy of his response to receiving Paleo Society Medal; correspondence.

9. Loose notebook, 1952; notes on Moore's trip to Europe; critiques of various hotels and restaurants.

10. Obituary and Memorials (1974); mostly correspondence, press releases, and clippings.

11. Rolled-up AAPG founder award given to Moore in 1966.

12. Obituary and Tributes; mostly clippings.

13. 75th Birthday invitations and letters of congratulations.

14. Two large, coffee-table books of laminated congratulations, photographs, and guest lists for Moore's 75th birthday.

15. Bound retirement certificate given to Moore in 1962.

16. Framed honorary membership in AASG certificate.

17. 20th Geological Congress folder with announcements of

Moore's lectures in France, Lilian's guest badge, formal portrait of Moore (no date), AAPG Fellow certificate, and a color geologic map of Kansas by Haworth.

18. More 75th Birthday letters of invitation and congratulation.
19. Two more passports, dated 1960 and 1966.
20. British drivers license and AAA card.
21. Linen copy of the 1937 Geologic Map of Kansas.
22. Blue notebook; mostly certificates of membership and honorary certificates, including honorary Doctor of Science degree from Denison University in 1935.
23. Concurrent Resolution: original of resolution passed when Moore Hall was named in 1973 + sketch of Harold Fisk (no date).

## BOX 6

### CORRESPONDENCE

1. Moore Hall Ribbon-Cutting; February 1973; correspondence and newspaper clippings.
2. Moore Hall Dedication; 1972; newspaper clippings and program materials.
3. Bibliography; no date; various lists of publications by R.C. Moore.
4. H.R. Aldrich Correspondence, Pre-1955, 1; correspondence between Moore and Aldrich related to *Treatise on Invertebrate Paleontology*.
5. H.R. Aldrich Correspondence, Pre-1955, 2; see above.
6. RCM Commemorative volume, 1967-70; correspondence and reviews of *Essays in Paleontology and Stratigraphy*.
7. Europe, 1967; correspondence related to arrangements for European trip in 1967.
8. Geology Department, Dreyer/Fay, 1952.
9. *Historical Geology*, Correspondence, 1967-74.
10. Personal Correspondence, 1957-71. Miscellaneous correspondence, including reprint requests, financial matters, and ms. copy of "Response by Raymond C. Moore [For award of the Paleontological Society medal on 17 November 1963]".
11. Correspondence concerning Dallas Hannah.
12. Personal Correspondence, 1973-74.
13. Personal Correspondence, 1963-73. Miscellaneous meeting programs and instructions to authors of *Treatise*.
14. General. Miscellaneous material related to *Treatise*, relations

with U.S.G.S., and UDK account of Grand Canyon trip.

15. Personal Memberships, 1957-74. Correspondence related to memberships in miscellaneous societies.

16. Personal. Reports, Publications. 1972-73. Miscellaneous correspondence, including guestbook (of Moore Hall dedication?) and newspaper coverage of dedication.

17. Personal Travels. General Correspondence, 1960-67. Itineraries and correspondence related to overseas travel, such as IGC.

18. Personal. vouchers, etc. 1952, 54, 59-60, 64. General Correspondence. Mostly receipts related to purchases, mostly books.

19. Photographic Techniques, 1963-64. Three letters related to photographic techniques and fossil casts.

20. Research, 1962-65. Mostly related to grant requests. Some miscellaneous correspondence related to 1962 retirement.

21. R.C. Moore Scholarship Fund, 1965-70. Correspondence related to establishment of and contributions to the R.C. Moore Research Scholarship Fund.

22. Portraits. Geologists. Moore pencil sketches of John Frye (?), copy; Frank Foley, copies, 1964; A.F. Buddington, 1948; George Kay, 1944; E.H. Sellards, 1944; T.W. Vaughn, 1943; Eliot Blackwelder, 1942; Henry Bean, 1946; E.B. Mathews, 1942; A.I. Levenson, 1948; E.P. Rothrock, 1946; Herman Gunter, 1945, original and copy; C.A. Hartnagel, 1946, copies from cover of AASG Journal; R.A. Smith, 1943; W.C. Medenhall; 1943, two different; W.H. Emmons, 1945; Edward L. Troxell, 1946, copy; G.E. Condra, 1942, copy; Dr. Hartnagel, 1946; "A Gentleman from MISSOURI", n.d.; three identified, 1941, 1942, and 1944. Also photograph of Russell S. Knappen, approximately 1927.

23. Personal Honors, 1968-72. Miscellaneous correspondence related to awards, including responses to award of Twenhofel Medal (1973) and Wollaston Medal (1968).

24. Portraits, Drawings, Geologists and non-Geology. Envelope labelled Non-geologists includes numerous sketches, mostly copies, mostly unidentified. Envelope labeled Photographs--Geologists contains numerous sketches and copies of sketches, mostly unidentified. State geologists circa 1940s; B.F. Mudge, John C. Frye, and state geologists circa 1910. Also, original of Pogo comic strip. Envelope labelled R.C. Moore--personal photos contains two Moore photos, Army citation, and Pogo comic strip on Jayhawk. Envelope labelled Geol. Por. includes sketches, some originals and some copies, of state geologists. Identified on front of envelope. File also contains sketches of C.R. Longwell, E. Blackwelder, 1942, copy; and state geologists on cover of AASG Journal.

Loose in box is the folder "Silk Screen Process" by the WPA, 1939 and various artistic prints.

## BOX 7

1. Field Photographs. Paired black and white field photos stapled to pages. Some shots of Lillian and RCM. Mostly mountain and ocean scenes.

2. Field Photographs. Paired black and white photos of crinoid specimens, aerial photos of KU campus, field photos, field trips (KGS?), circa 1950.

3. Field photographs. Paired black and white aerial photographs. San Francisco, Crater Lake, Cascade (?) Mountains.

4. Photos, 1948. 8 x 10 black and white aerial photos and field photos, numbered M-190 through M-249. Also smaller field photos (4 x 5) contact prints numbered 112-114) and 5x7 aerial photos of Kansas City.

5. Panoramas and Sedimentary Rock Structures. Six large format black and white photos (possibly commercial) of western locations, including one by LaRue, Bryce Canyon, the Tetons, Grand Canyon, and Canyon de Chelley (?).

6. Rocky Mountain Field Conference Photos, 1947. Paired black and white photos with captions. Colorado. June 1947.

7. Pleistocene Field Conference, 1947. Paired black and white photos with captions, mostly from Nebraska, Illinois, and South Dakota. June 1947.

8. Photographs--general. Black and white photos same those in File 4, except numbered M-190 through M-260, some captioned. Ohio, Alabama, Texas, California, Utah. December 1947. M-250 to 256, Field Stratigraphy Class, Tennessee, taken by Hornbacker (?).

9. R.C. Moore Field Photographs. Black and whites, three to a page. 1-21, Ks. Geological Society field trip (?). Two to a page, 1057A (M-6), 1-22. Two to a page 1057A (4-1 through 4-44), 1950, coastal plain, Florida (?). Two shots of RCM on field trip labelled stops 35 and 36 September 6, 1937. Shots 1-6 through 1-16 labelled Louisiana, probably KGS field trip in Kansas flint hills. Also state geologists meeting, Washington, D.C., February 1950.

10. Origin of Earth photos. Reprint on Origin of the Universe and 8x10 black and white of the Winslow meteor crater.

11. West Colorado Geologic Map. 1:500,000. 1935.

12. East Colorado Geologic Map. 1:500,000. 1935.

13. Box. Field Photographs.

- a. 1948 Appalachia photos. Some negatives of aerial photos in relation to El Paso.
- b. Kansas photos--general. Assorted black and whites of Permian. Others pasted to pages, April 1949, of Kansas loess. Numerous shots of SGE field trip, Kansas and Missouri, May 7, 1949. Views of Lindley Hall, 1949.
- c. General Colorado. Black and whites from GSA bulletin, volume 46. 1935.
- d. R.C. Moore Papers. Photographs, southern Utah. Black and whites, labelled. Some show stamp of bureau of Agricultural Economics. 1915. Mostly Kana County, Utah.
- e. Field photos. Fourth annual field conference, Kansas Geological Society, Colorado, New Mexico, Texas. Also some Kansas locations in Flint Hills, Cretaceous.
- f. Geologists and Miscellaneous Field Photos; some fairly well labelled; state geologists photos, labelled (one is Moore, Condra, Gould, & Kay), the other is 1929.
- g. Field Photographs. Aerial photos; Grand Canyon.
- h. Field Photographs. Aerial photos; Grand Canyon.
- i. Geologists and Miscellaneous Field Photographs; Johns Valley photos (1927); White & Noe on Starved Rock, Illinois; Texas field trip, May, 1927; others, mostly with pretty good identifications
- j. Field Photographs; more aerial views of the Grand Canyon.
- k. Field Photos; West Texas Conference, 1927.
- l. Field Photographs; some aerial views of Grand Canyon; others taken in vicinity?
- m. Field Photos; not identified.
- n. Field Photos; unidentified outcrop photos mostly.
- o. Field Photos; western U.S.--mostly unidentified.
- p. Field Photos; more canyonland aerial photos.
- q. Field Photos; surface shots, mostly in the Grand Canyon + more aerial shots.
- r. Field Photos; more of the 1927 west Texas fieldtrip; some are Kansas outcrop shots.
- s. Negatives of field photos.
- t. Field photos; aerial photos of Grand Canyon.
- u. Field photos; aerial photos of Grand Canyon.
- v. Field Photographs; fieldtrip shots, at least some from sixth annual Kansas Geological Society fieldtrip.
- w. Field photos; unidentified field locations (Banff?).
- x. Photos of Maps; photos of geologic maps of California.
- y. Field photos; KGS Fieldtrip 1937; more photos from

Taos(?) and Texas field conference.

### BOX 8

1. Stability of the Earth's crust paper (1958); 43 p.; 43 figs.
2. Teiichi Kobayashi paper on the Mesozoic nonmarine faunas and crustal movements in eastern Asia (no date); 57 p.
3. Tatsuro Matsumoto paper on An outline of the Japanese Cretaceous Geology (no date); 28 p.; 5 cross sections.
4. Stratigraphical Classification by R. C. Moore (9-17-49; delivered at the Geological Society of Japan); 15 p.
5. The exploitation of coal fields in Japan by R. C. Moore (1-1-50; notes from an interview); 9 p.
6. Coal exploration in Japan by R. C. Moore (10-6-49); 32 p. + numerous military field notes and letters + geologic maps and photographs.
7. Synopsis of Geology by Ira S. Allison and R. C. Moore (no date; enclosed letter with McGraw Hill dated 4-17-62); unpaginated [probably 100+ pages]; first draft of proposed book.
8. Correspondence and notes on Stratigraphical Classification and Nomenclature by F. R. S. Henson.
9. Correspondence on Historical Geology by R. C. Moore (mostly 1949-1950).
10. File of Japanese maps and cross sections (10).
11. Prehistorical Kansas (mostly Sigma Xi talks?):
  - a) Snapshots of prehistorical Kansas (handwritten ms.; 3 p.; address to Sigma Xi in 1948).
  - b) Growth of Knowledge Concerning the Kansas Region; 17 p.
  - c) Illustration of Geologic Time; 4 p.
  - d) Glimpses of Kansas During the Geologic Past; 12 p.
12. Key to the American Genera of Paleozoic Bryozoa by Ruth Mary Dudley and C. Clyde Porter (1938-1939); 27 p.
13. Late Paleozoic bryozoans; no author; 82 p. [alphabetical listing of genus and species names with ranges and geographic occurrences].
14. Corals; no author; 20 p. + some hand-written notes.
15. More corals; no author; 66 p. [note indicates one copy sent to Russ Jeffords 10-26-60].
16. Crinoids:
  - a) Family Batocrinidae + ; 10 p.
  - b) Miscellaneous notes on crinoids.
  - c) Order Adunata + ; 7 p.

- d) List of references; 3 p.
- e) Patelliocrinoids + ; 17 p.
- f) New Mississippian Inadunate Genera by R. C. Moore and H. L. Strimple (no date; unpaginated; 4 p.).
- g) *Alcimocrinus ornatus*, a New Chester Crinoid Species by R. C. Moore and H. L. Strimple (no date); 4 p.
- h) reprint of Symbols for Crinoid Parts by R. C. Moore and L. R. Laudon (JP, 15:412-423; 1941).
- i) a crinoid bibliography with hand-written note saying "Marjorie, a crinoid biblio, please check against ours" (no date); 26 p.

17. Crinoid notes:

- a) An *Acricrinus* from Upper Pennsylvanian rocks of north-central Texas by R. C. Moore (no date); 5 p.
- b) Order Flexibilia + bibliography + ; 19 p.
- c) Miscellaneous correspondence

18. Correspondence related to crinoid + manuscript titled *Jaekelocrinus*, a New Chester Crinoid Genus by R. C. Moore and H. L. Strimple (no date); 5 p. + 1 drawing.

19. Miscellaneous correspondence related to fusulinids + fusulinid range chart (mostly 1931).

20. *Holynocrinus*, New Crinoid Genus from the Middle Devonian of Bohemia by Josef Bouska, Praha, Czechoslovakia; sent to Moore by the author for editing/review.

21. Paleo Museum Correspondence (1947-1948).

22. Miscellaneous correspondence related to student enrollment in Paleontology at various institutions (1947).

23. Designation of types in University of Kansas invertebrate collection (3 mimeographed copies; 2 p. each).

24. Field Notebooks:

- a) Mostly Mississippian from Missouri (brown, USGS type; about half full).
- b) Mostly Permian Flint Hills stuff; front page of notebook has "J.E. Hickox, Notebook #1" written in it; lower half of biology lab notebook cut in half.
- c) Notes on field stratigraphy [class]---Spring of 1950; 4 p.

25. Field Stratigraphy Class Student Notebooks (Permian):

- a) Thorsteinson R. Tindell
- b) WPS Lius
- c) W. Howe (Glenrock-Howe interval)
- d) E. E. Pelzer and E. L. Yochelson (Burr-Sallyards)

interval).

## BOX 9

1. Photographs (1): Larger format prints of Grand Canyon; air photos; one with source id as "Fairchild aerial surveys, Inc., 224 E. 11th St., Los Angeles, CA; date flown 4-27-37.

2. Photographs (2): 5x7 of various limestone outcrops in underground limestone mines; probably type Mississippian area.

3. Photographs (3): 8x10 of limestone thin sections; negatives also in file; + 3 "manuscripts" on Basin Studies Meeting, July 19, 1956, Board Room, 9th Floor (list of speakers and topics); Status of the Basin Studies Project, July, 1956 (6 p. of areas with % completion graphs); Comments on Basin Studies Cross Sections by Walter H. Bucher, Consultant, July 13, 1956 (3 p.).

4. Photographs (4): 8x10 photographs of thin sections identified by formation; some marked with plate numbers.

5. Serial Sections: 8x10 of more thin sections and 4-page manuscript "Serial sectioning by successive acid etching."; + letter by William L. Fisher.

6. Photographs (5): 8x10 of Grand Canyon and mountainous terranes.

7. Photographs (6): 8x10 of Grand Canyon and mountainous terranes.

8. Photographs (7): 8x10 of Grand Canyon and mountainous terranes.

9. Photographs (8): 8x10 of Grand Canyon and mountainous terranes; Palo Verdes, CA, 1933; two higher altitude photos.

10. Photographs (9): Hand-tinted prints; mostly not identified; Lake George; Yellowstone; etc.

11. Photographs (10): Hand-tinted prints; mostly not identified; Royal Gorge; etc.

12. Species Cards: All foraminifera; look commercial.

## BOX 10

1. Address book/meeting notes for R. C. Moore, J. C. Frye, Fred Ellsworth, Earl K. Nixon, DWM, RN, and others; notebook arranged alphabetically by county and city; looks like political/influential citizen contacts; mostly in 1940s.

2. "National" Field notebook; RCM1001-1056; Kansas,

Penn/Perm sections.

3. Three Missouri Bureau of Geology and Mines field notebooks from Moore's dissertation; last page of one includes a bird list; address in front listed as "Raymond C. Moore, 5627 Blackstone Ave., Chicago, Illinois, c/o J Clark."

4. "National" Field notebook; Photos, Leica; seems to be key to some, but clearly not all, of Moore's numbered photos.

5. "Field Book 360"; log of radio stations [during trip made in February and March, 1928?].

6. "National" Field notebook; RCM451-532?; Kansas, Penn/Perm; circa 1930-1932.

7. "National" Field notebook; RCM unnumbered; mostly empty notebook with a few measured sections and a roadlog dated 1/3/38.

8. "Mining Transit Book 363"; mostly empty notebook; Texas and Missouri sections; circa 1918-1922.

9. Two notebooks, one noted as "NC Texas Permian (1946), pp. 1-185, + index"; the other as "NC Texas (1946) Permian pp. 201 ff."

10. Notebook that looks like the two in item 9, above, but contains sections in Permian of Kansas + sections in Tennessee and Virginia.

11. Two, USGS-style notebooks; one labeled "Texas 1, Well data, 1-72"; the other labeled "Texas 2, 72a-116, Index."

12. USGS-style notebook; circa 1925-1926; sections in Missouri, Kansas, Nebraska, and Iowa.

13. Field Notebook, RCM, M 1-57; June 1961, sections in Missouri, mostly Burlington, Warsaw, and Keokuk.

14. USGS-style notebook; circa 1927 (?); field notes on Texas and Oklahoma, some well logs.

15. State Geological Survey of Kansas Notebook, mostly blank, a few notes on expenses. Business card.

16. Red notebook; June 1921; field notes, cross sections, drawings of Utah (?) field work; begins with "Valley north of Henrieville."

17. Red notebook; June 1922; field notes, mostly Mesozoic, cross sections, drawings of Bryce Canyon area; some photo locations; begins "Pansajunt (?) Plateau."

18. Red notebook; field notes, cross sections, drawings, mile-by-mile map of Colorado River Grand Canyon expedition; begins "Sketch section 1 mile north . . ."

19. State Geological Survey, Urbana, Illinois; March 1916; sections and fields notes in Hamburg, Illinois, and Grafton and Chautauqua, Missouri (?); Mississippian mostly, some Devonian.

20. Tumbler University Note Book; June 1940; sections and notes from Jackson County, Missouri, and Marble Falls; at end is an apparent list of 13 Survey accomplishments.

21. Black "National" notebook marked Wyoming, R.C. Moore; August 1933; mostly blank with a few Wyoming cross sections; inside is a two-page Bibliography of Wyoming Carboniferous Literature.

22. Black "National" notebook; August 1936; road log and a few cross sections for field trip in southeastern Kansas.

23. "Black "National" notebook marked R.C. Moore--1954; notes for Colorado (?) and Utah field trips; locations for shooting movies; Penn-Perm cross sections for 1956, 1957, and 1958; list of students in front for classes in 1956 and 1957; measured section by McManus and Merriam.

24. Yellow "National" notebook marked R.C. Moore, 25; no date; few cross sections and list of expenses for trip to Colorado, Utah, Arizona; numerical lists for "Jewett, Moreman, Wells, Newell, Hawk, Marsh, Moore."

25. Yellow "National" notebook marked R.C. Moore, 25; July 1936; mostly blank; cross sections from Illinois field trip; road log for field trip west from Topeka.

26 Yellow "National" notebook marked 10, R.C. Moore, Kansas Univ., Lawrence, Kas., 282-370; August 1928; sections and field notes for trip from Topeka to Cottonwood Falls; also attached to loose leaf notebook pages of field notes and cross sections, 1925, 1928, 1929, 1936; misc. correspondence dated 1916; also attached to U.S. Geological Survey notebook marked R.C. Moore, 224; 1934-1940; sections, field notes, and road log for Nebraska and eastern Kansas.

27. U.S. Geological Survey, Loose-Leaf Field Notebook; July 1927; field notes from Texas and list of "Granite" wells in Oklahoma, Kansas, and Nebraska.

28. U.S. Geological Survey, Loose-Leaf Field Notebook; no date; colored cross section from USGS bulletin 628, 1916; bibliography mostly of geology of Arizona and Utah.

29. Unmarked brown notebook with Mss. by R.C. Moore, 1938; titles "Geology" 17 p. and "Geology" 7 p.

30. Spiral Notebook 37, no date; mostly military addresses, some cross sections of Wolfcamp, travel notes; with loose leaves of notebook, no date, some cross sections of Wolfcampian sections, mostly travel notes.

31. Passport, dated June 1951.

UNNUMBERED BOX LABELLED FAM DOCS/Papers

1. Vita; newspaper clippings; portrait circa 1930's; copy of marriage license to Lilian; 8x10 glossy of Moore with pipe in front of bookshelf.
2. US Army; health documents, evaluations, duty assignments.
3. Vita, Condolences, Memorial, & Eulogies.
4. Obscure but Important Hiatuses in Stratigraphic Columns (1966); St. Louis AAPG; 43 p.
5. Grand Canyon Expedition; copy of National Geographic, May, 1924, v. 45, no. 5, p. 471-548.

#### UNNUMBERED BOX LABELLED PAPERS/1944-77
